Adjourned to Tuesday, 5 o'clock. DISTRICT COURT OF THE UNITED STATES .-

This Court opened this morning for the first time since the recess. The names of about 80 petitioners in bankruptcy were called on the first notice, more than 60 of which passed The Court announced that motions in bankruptcy would

be heard to-day, and that Thursday, Friday and Saturday of each week would be assigned for such (when no Jury trials were on) for some weeks to come. Judge Betts refused to grant an injunction in the case of Booth, an involuntary bankrupt. He stated that such would e allowed on evidence being presented that a bankrupt

was making away with his property. If the effects had been assigned, as in the present instance, the assignees were answerable to the creditors under the provisions of the Bankrupt law. The District Court opens for Jury trials this forenoon.

SUPERIOR COURT .- The September term opened this morning, a Jury was empancied, and the Cou.t adjourned to Monday next.

In the COURT OF COMMON PLEAS, an action of replevin was brought by Abm. B. Wright against M. B. Hart, Sheriff, and Conant & Sperry. Mr. B. Sheridan oc-cupied buildings Nos. 32 and 42 Gold-street for the manufacture and sale of printing presses, &c. He also let a portion of 32 to C & S., Mr. Kuitzs, and others for manufacturing purpose, agreeing to furnish them with steam power. They complained of an insufficiency of such, and C. & S. sued to damages, when they obtained a judgement against Mr. Sheridan for \$50. They levied upon his steam engine, and and he was finally broken up in his business. The plaintiff (who is his brother-in-law) claims to have bought it, and brings action .- The defendants assert that the sale was merely a cover to get rid of the execution. A verdict will be rendered this forenoon.

COURT OF SESSIONS .- Before the Recorder, Judge Lynch and Aldermen Carman and Bonnell.

This Court commenced its September term this day with the following cases on the calendar, viz : For Arson 2, Robbery 1st degree 4, Forgery 5, Burglary 8, Perjury, 1, Attempt to kill 2, Grand Larceny 18, Petit Larceny 1, False Pretence 1, Attempt to Steal 1, Insuring numbers in Lottery l, Assault and Ba tery 1-Total 45. Before Convicted 5, Indicted 10, Witnesses 8, Disorderly 4-Total 35, Total of old and new cases 80.

The sames of the persons summoned as Grand Jurors, were called and the following were sworn as the panel of Grand Jurors, viz. Orondaies Mauran, foreman, Henry Andrews, Daniel D. Briggs, Peter Cooper, Samuel Downer, Jr., John Duncan, Thomas Hyatt, John J. Hall, Walter Howell, Jr., James Hawott, Alexander Lawrence, Roe Lockwood, Josiah Rich, Stephen H. Sammis, Richard J. Smith, George Ward, John S. Williams, and John F. Russell-18 The Recorder briefly charged the Grand Jury on the subject of the duties properly devolving upon them-but more especially against the brutal and lawless practice of prize fighting, which he considered disgraceful and injurinot take place within our jurisdiction, yet the sending of a challenge to fight was a misdemeanor and violation of the law, and could be presented and punished. He called the attention therefore of the Grand Jury to the subject and should direct the DistrictAttorney to prepare bills against all known violations of this law for the Grand Jury to act upon for indictment. His Honor also adverted to the great number confined in the Penitentiary on Blackwell's Island, there being there now 882 prisoners, of 346 were men and 586 females; that during the month of August alone, 221 young females from 17 to 25 years of age, had been sent to the Penitentiary principally as vagrants, and it was important to inquire, whether another and better disposition could not be made of those young females, such a disproportionate number of whom now tenanted our prison-either by employment in a work-house to be established for the purposes or in some other manner the Jury might suggest. The Grand Jury then retired to engage in their appropriate du

CASE OF OTIS ALLEN.-The District Attorney called on he case of Otis' Allen indicted for forgery in passing counterfeitmoney, which was opposed by Stephen T. Mason,

Esq. bis counsel, on the ground that there had been no return to subpœna issued early last week, without which the accused could not proceed safely to trial. This attempted postponement was resisted by the District Attorney, who sent for the prisoner when it was discovered he had been taken out of prison to go before Judge Inglis to be bailed on babeas corpus—an informal notice of which attempt had been served on the District Attorney The Court decided that an affidavit of the absence of a material witness must be made before the case could be postponed, and Allen was soon after brought into court and made the required affidavit. The case was thereupon postponed.

TRIAL FOR FORGERY .- Elizabeth Hennessy was tried for forgery in the 2d degree, in passing a \$5 counterfeit bill of the Tolland Bank of Connecticut on the 21st July to John Honeywell, of No. 2 Bayard-street in payment for a pair of lady's boots, &c. The complainant could not tell whether the bill was good or bad, but the Clerk of Police deposed it was bad. There was no proof the prisoner knew the bill was bad. She denied passing it, and the jury found her not guilty, and she was discharged.

FORFFEITURES .- Josiah Merritt, late Counsellor-at-law, ndicted for forgery in the 2d degree in passing counterfeit money; Catherine Beamer, alias Moore, and John Robin-son severally indicted also for lorgeries—having failed to ap-pear and an wer, their recognizances were forfeited.

To THE PUBLIC .- I write this to benefit the unfortunate To THE PUBLIC.—I write this to benefit the unfortunate and to do justice to what I have good evidence to believe to be a valuable remedy—West's Patent Chlorine Cosmetic and Pills. The evidence is this: an aged lady of my acquaintance had been afflicted with the salt rheum from her youth, and to my certain knowledge, she had persevered in trying various remedies for nearly sixty years without any various remedies and that by using two haves of West's material benefit, and that by using two boxes of West's Chlorine Cosmetic and Pills, from 71 Maiden lane she was perfectly cured, and has continued free from the disease for more than one year, and 1 fervently hope that others may benefit by its use. I am respectfully, &c.

DANIEL FOWLER.

There needs no argument beyond a simple, fair, candid trial, to prove to a demonstration that Peters' Lozenges are among the very best medicated preparations ever made. While their taste, which is agreeable, gives them advantage over every other medicine now in use, the great variety of their ingredients renders them efficacious to an extent elsewhere unknown. It is Cough Lozenges, for instance, cure Colds, Asthma, Catarrh, Bronchitis, and all complaints of Pulmonary origin. Then his Worm Lozenges relieve children of the terrible distress, the convulsive pains, the broken sleep and the headache, which always attend the presence of worms. Thus all his Lozenges in fact, are suitable to some particular disease, which they completely remove. some particular disease, which they completely remove. We have now more than thirty besides above fifty names of persons who have been cured within the last ten weeks in this city. They will all be shown with pleasure to any one at the since.

These are to certify that about one year since I was taken with the rheumatism in all my limbs, but it was in my shoulders the worst, and so bad was it there that I could not raise my hands to my kead. Sometimes I did not sleep for the whole night but walked the floor incessantly. I had at different times no less than a dozen doctors, but they did me not the least good, and I thought I should never get better, and had given up allipops, when, seeing an advertisement not the less good, and I thought I should never get better, and had given up all hopes, when, seeing an advertisement in the paper of Dr. Henry's Rhennante Syrup, I procured a bottle which helped me immediately, and less than three have perfectly cured me, and I can with confidence recommend it to any one who is similarly afflicted. I Gentlemen's Fall Hats -WARNOCK'S Fall pattern Hats are now offered for sale, comprising the Moleskin, Nutria and Cassimere Beaver PARISIAN STYLE OF HATS.

The attention of gentlemen is particularly invited to the abscriber's beautifully fabricated Silk Hats, better known as " Warrock's Moleskin Hats." This article, since its in roduction, has rapidly acquired and successfully maintain its popularity, produced by the subscriber in a manner altogether superior to any of the kind that has been or is now before the public, and is worthy of notice as possessing all the qualities of a superior bat, as lightness, beauty of finish

permanency of color, and capacity for service.

That the Moleskin Silk Hat ressesses the very elements studiously aimed at in the production of a perfect article, it needs only to be stated that the foundation or body is manufactured from the finest description of stock, and the plush or covering of the finest quality silk, than which, it will readily be admitted, there is nothing of the nature o fabric more durable. To gentlemen who have not given the above hats a trial, it is remarked that they have been for years the most popular, and are now almost exclusively the fashionable Hat of Paris-this, to say the least, is a strong recommendation. To such gentlemen as have preference for French manufacture, it is remarked that, from the subscriber's observations during a recent visit to the French metropolis, he is enabled to say, that though in one or two particulars the French excel, yet in the main, the article sold by him is superior. The pattern for the fall and winter is ut once a model of symmetry and beauty.

FOUR DOLLAR HATS. The peculiar condition of the monetary affairs of the present time, demanding of the mass of the community the adoption of retrenchment and economy, the subscriber deems it expedient, for the time being, to deviate somewhat from the system hitherto strictly adhered to in the conduction of his business, (that of selling none other than the first quality,) now offers to gentlemen disposed to economise, superior bat at the moderate price of Four Dollars. This article possesses in a large measure the constituent parts of the most costly, prepared with all their neatness and extersal finish, and are seld at a smill advance upon the cost. They are " Hats for the Times."
